Chapter 1: Local History Part 1

Local History is an important subject for community groups. Many people study local history to understand how the town grew. In practice it depends on trade routes and farming.

Local History in practice 1

Section 1 looks at local history in more detail. Experts recommend starting with the basics before moving to advanced ideas, and checking each step carefully.

- First point about trade routes and farming number 1
- Second point about how the town grew number 1
- Third point about community groups number 1

A common mistake is to ignore trade routes and farming. Readers who keep notes on how the town grew usually find later chapters easier to follow.

Chapter 2: Local History Part 2
